Critical Illness Coverage

Critical Coverage for Critical Moments

Insurance Protection When You Need It Most

Heart attacks, cancer and strokes happen every day and often unexpectedly. They don't give you time to prepare and can take a serious toll on both your physical and financial well-being.

We Pay Cash Benefits Directly to You

If you're like most people, being diagnosed with a critical illness can be overwhelming, even scary. The last thing you want to worry about is money. Chubb Critical Illness pays you directly to help with your bills, your mortgage, your rent, your childcare—you name it—so you can focus on recovery.

Why Health Insurance May Not Be Enough

When a critical illness happens your health insurance plan may cover some of your medical and hospital costs, but not everything. You and your family need extra protection that closes the financial gap and helps you manage expenses, such as:

- Out-of-Pocket Medical Costs—deductibles, copays, coinsurance, prescriptions, and medical travel
- Everyday Costs—rent or mortgage payments, credit card debt, car payments, household necessities, and savings for college or retirement
- Recovery Costs—loss of family income, rehabilitation, and childcare or parent care

Would a Check for \$30,000 Help?

Chubb Critical Illness pays you cash in a timely manner. Upon diagnosis of a covered condition, we send a lump sum check directly to you. You can use your cash benefit however you choose—to help with your everyday living expenses, pay your out-of-pocket medical costs or replace lost income. Your benefit is paid in full regardless of any other insurance you may have.

Here's How It Works

When you are diagnosed with a covered condition after the certificate effective date, submit your claim and we'll send you a check. It's that simple. You can use your money however you choose.

No Lifetime Maximum

If you get sick again with the same or different condition, you're still covered. There is no total maximum benefit amount to worry about.

Recurrence Benefit

Once Chubb pays a Critical Illness benefit for Benign Brain Tumor, Cancer, Carcinoma In Situ, Coma, Coronary Artery Obstruction, Heart Attack, Major Organ Failure, Stroke, Sudden Cardiac Arrest, or Transient Ischemic Attack and there is a recurrence, you can receive 100% of your Face Amount, as long as you were treatment free for at least 6 months. For a recurrence of Cancer, you can receive 100% of your Face Amount, as long as you were treatment free for 12 months and in complete remission.*

No Lifetime Maximum Benefit in Action (example)

\$30,000 Face Amount

Stroke Diagnosis	\$30,000
Heart Attack Diagnosis (first)	\$30,000
Heart Attack Recurrence	\$30,000
Total Benefits	\$90,000
	No Maximum Benefit Amount

This example is hypothetical and is solely to illustrate a situation that can result in benefits payable for a claim. It is not based on an actual claim and should not be compared to an actual claim.

* Complete remission is defined as having no symptoms and no signs that can be identified to indicate the presence of Cancer.

Covered Conditions	
Alzheimer's Disease	25%
